PROFESSIONAL SUMMARY

Detail-oriented Graphic Designer with hands-on production expertise across print-ready artwork, brand identity systems, digital marketing campaigns, and responsive web assets. Highly proficient in Adobe Creative Suite (Photoshop, Illustrator, InDesign), CorelDRAW, and Figma, with strong command of CMYK color workflows, 300 DPI resolution standards, and bleed/trim setup for large-format signage. Skilled in front-end web development (HTML5, CSS3, JavaScript) and AI prompt engineering for rapid prototyping. Seeking an entry-level Graphic Designer role in Dubai, UAE, to deliver high-impact visual design.

CORE SKILLS & TECHNICAL COMPETENCIES

Design Software	Adobe Photoshop, Adobe Illustrator, Adobe InDesign, CorelDRAW, Figma, Canva, Adobe Lightroom.
Print & Prepress	CMYK Color Space, 300 DPI Resolution Setup, Bleed & Trim Margins, Large-Format Signage, Banner Printing, Print-Ready File Export.
Brand & Digital	Logo Design, Brand Identity Guidelines, Product/Packaging Mockups, Social Media Ad Creatives, Digital Banners, Vector Graphics.
Other Skills	Front-End Development, HTML5, CSS3, JavaScript, Responsive Web Design, Prompt Engineering, Photo Retouching & Manipulation, Typography, Layout Design, Color Theory.

FEATURED DESIGN PROJECTS & PRODUCTION PRACTICE

Brand Identity Package – Logo, Style Guidelines & Mockups Self-Directed

- Designed a complete brand identity system including primary/secondary logo variations, color swatches, typography hierarchy, and style guide specifications.
- Developed realistic 3D packaging and stationery mockups in Photoshop to showcase brand applications in commercial environments.

Commercial Print & Large-Format Production Artwork Self-Directed

- Produced print-ready vector files in CMYK color mode at 300 DPI with accurate bleed, trim, and safe margin specifications for event banners and signage.
- Executed pre-flight verification against commercial print standards to prevent color shift and resolution loss prior to output.

Digital Marketing Assets & Social Media Campaigns Self-Directed

- Crafted 25+ high-conversion promotional assets and banner sets tailored for multi-platform digital marketing engagement.
- Leveraged Figma and Canva alongside Adobe Suite for rapid prototyping, creative variations, and structured layout composition.

Advanced Photo Retouching & Image Manipulation Self-Directed

- Executed professional background extraction, skin/product retouching, lighting correction, and composite manipulation in Photoshop.

Responsive Front-End Web Development & Deployment Live Deployment

- Developed responsive multi-device web interfaces using HTML5, CSS3, and JavaScript with structured layout architecture.
- Built and deployed a live personal portfolio platform on GitHub Pages featuring interactive UI elements and design case studies.
